

nursing assistant

GENERAL COURSE INFORMATION

The nursing assistant program prepares students to work in the health care industry in places such as: hospitals, doctor's office, nursing homes, assisted care facilities and home health care. This certificate is designed for students seeking an introduction to nursing as well as other related skills required for computation, documentation, communication and client advocacy which are required in the health care setting. This course is taught at College America for one semester or the Coconino Community College for one year.
